The After School Mentoring Program

Communities, Schools, Families and Students

We are still looking for Mentors!! If anyone is interested please contact Robin or Odessa at 740-622-8504 or via email at firststepcosh@sbcglobal.net

The focus of the After-School Mentoring Program is to help students get excited about their future, to be encouraged to dream big and learn what it takes to put their dreams and goals into action. This can accomplished by the following initiatives:

Setting goals to be prepared for the 21st Century Careers

Building Character

Developing Pathways to achievement

Building a sense of resiliency

Believing in a positive future

Get involved today to help build something special with our youth and their future. One caring adult can make a difference in a youth's life.

What is the After School Mentoring Program?

The After School Mentoring Program connects adults from the community with students. Mentors provide both encouragement and empowerment in helping our students achieve their dreams and plan for their future.

What can the After School Mentoring Program Achieve?

Students who are mentored set their own goals that can lead to higher achievement, better performance, self-efficacy and self regulation.

Help Students identify strong, positive character traits within themselves.

Develop pathways to achievement through critical thinking, problem solving and decision making.

Helps students cope with the highs and lows of life and respond to the stress in a healthy manner.

“A mentor is someone who allows you to see the higher part of yourself when sometimes it becomes hidden to your own view.....I don't think anybody makes it in the world without some form of mentorship. Nobody makes it alone, and we are all mentors to people when we don't know it” – Oprah Winfrey

Vision

Community Connectors brings organizations from across the community together to build and support programs that emphasize close relationships between young people and mentors. The Community Connectors program seeks to strengthen communities, encourage mentoring opportunities and create new pathways for civic engagement that will result in higher educational achievement, higher levels of well-being and health, and workforce readiness for our state.
